COMPENSATION PLAN

As of July 23rd, 2017

A MESSAGE FROM THE CEO

When developing a compensation plan, you have to find the right balance between corporate making a profit, and sales agents making a commission. We are proud to say we have come up with something spectacular that is a win/win.

There are many companies that say they pay out up to 60% or even 70% or even more, but the sad truth is their actual payout typically ends up being about 25% to 40% in most cases. Here at Mindset 24 Global, we wanted to design a compensation plan that was transparent, and unparalleled in our industry, which is why we pay out a full 70% of every gross sale, with absolutely no breakage designed into the compensation plan for the company. Not only do we pay out an unheard of 70% of gross on each sale, but we also pay it out in real-time, which is an industry first!

By paying out an amazing 70% of every sale in real-time it sets us apart from every networking company in the world. We have taken it even one step farther. In addition to our coded bonus to infinity, and our 100% coded bonus match potential, we have also created Global Profit Sharing Pools, where 20% of the gross revenue from EVERY sale is allocated to Profit Sharing Pools, allowing everyone, even passive, or part-time sales agents, the ability to share in these Global Profit Sharing Pools and earn commission.

We have laid everything out for you in this compensation PDF outline. We have also created a video that demonstrates the power of our revolutionary compensation plan.

See you at the top!

INCOME DISCLAIMER

The Mindset 24 Global Compensation Plan is an exciting opportunity that rewards you for selling much-needed life changing information and for sponsoring other participants who do the same. Although the opportunity is unlimited, individual results will vary depending on commitment levels and sales skills of each participant. Since Mindset 24 Global has recently launched, it lacks enough statistical data to prepare reliable income disclosures. The numbers below reflect estimates prepared by the company pending a more detailed survey to be conducted after its first year. Based on industry standards and company projections, the average annual gross income for Sales Agents is projected to be anywhere between \$500 and \$2,000. There will certainly be participants who will earn less while others will earn much more.

We're excited about the Mindset 24 Global Compensation Plan and we're confident it will provide you a solid foundation to help you achieve your financial goals. If income projections were presented to you prior to your enrollment, such projections are not necessarily representative of the income, if any, that you can or will earn through your participation in the Compensation Plan. These income projections should not be considered as guarantees or projections of your actual earnings or profits. Success with Mindset 24 Global results only from hard work, dedication, and leadership.

CODED BONUS

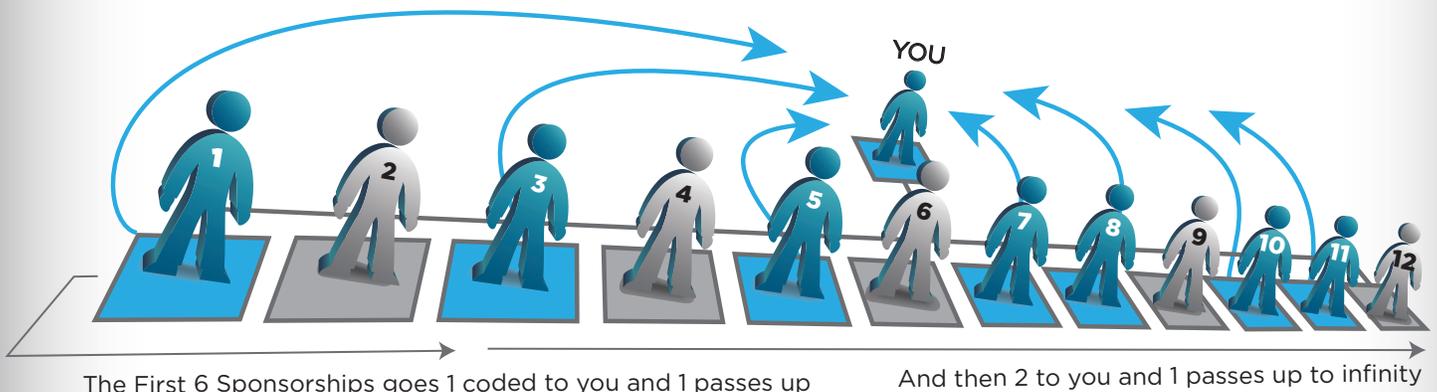

The Coded Bonus allows you to earn to **unlimited depth!** Here's how it works:

First, in order to earn the coded bonus on any Series Package sales, you must be active at that level. To be active at any level, you must purchase or personally sell up to that level in the Series. For example, to earn the coded bonus on the Series 4 Package, you must either have purchased or personally sold the Series 4 Package.

When you make a sale, the system begins to track them and assigns each personal sale to either your coded line or a pass up line. Your coded lines are where you earn the Coded Bonuses. Out of your first six sales, your first, third and fifth sales are coded to you. Then two out of every three lines following to INFINITE WIDTH is coded to you (seven, eight, ten, eleven, thirteen, fourteen, etc.). The other lines are passed upline (two, four, six, nine, twelve, etc.). We do not limit the number of personal sales you can make, which means you are not limited on the number of Coded Bonuses you can earn!

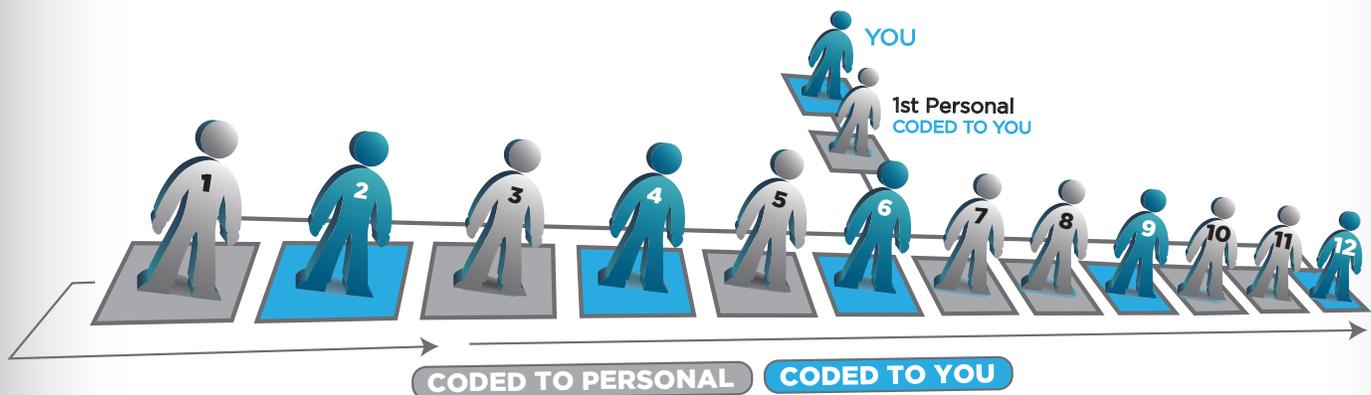

PERSONALS LEVEL 1

CODED BONUS

What is even more exciting about the Coded Bonus, is that you can also earn to **UNLIMITED DEPTH**. When your coded lines make sales, their pass ups get coded to you and you earn the Coded Bonuses off those sales. For example, when your first personal sale (who is coded to you) makes sales, you will earn the Coded Bonus on their second, fourth and sixth sale of their first six sales. And then you will earn the Coded Bonus on every third sale they make.

LEVEL 2

UNLIMITED DEPTH

And this pattern continues down to **UNLIMITED DEPTH**. Every time a sale is coded to you, you will earn a Coded Bonus and then begin receiving Coded Bonuses from their pass ups. So that means the pass up lines of your coded lines get coded to you on downward to unlimited depth.

IMPORTANT NOTE: Make sure you become 4 Star as quickly as possible so that you are qualified to earn Coded Bonuses at all levels. If you are not 4 Star, then you will pass those commissions to your upline!

CODED MATCH

The Coded Match pays out a 100% match on all of your personal's Coded Bonus commissions. When you sell a Series, that person becomes your personal and whenever any of your personals (not just your coded lines, ALL PERSONALS) earns a coded Bonus, you will get a 100% match on their earnings as long as you are qualified at that Series or higher. To be qualified, you must be active at the Series that you sell and you must have personally sold the qualifying number of Series at that Series or higher. For example, in order to earn the Coded Match on one of your personals that earn a Coded Bonus on a Series 4 Package sale, you must be active at the Series 4 Package and you must have personally sold at least two Series 4 Packages.
